No.	ITEM	
1.	Welcome and Introductions	DB
	DB welcomed everyone to the meeting. Introductions were made and apologies were noted.	
2.	Minutes of last meeting held on 11th June 2009 & matters arising	DB
	<p>Minutes of the last meeting were agreed with the following updates/amendments:</p> <p>CP advised that a marketing plan was being developed along Smartwater implementation however currently trying to obtain funding. JS updated that Paula Duxbury had been tasked with developing the marketing plan for the next delivery group meeting on 22nd Sept 09.</p> <p>Action: JS to circulate marketing plan to steering group after delivery group.</p> <p>Update from JB re 20mph zones he advised he had spoken to CB directly and this was ongoing and not for further discussion at this meeting.</p>	JS
3.	Partnership Plan	JS
	<p>JS informed group that priorities from Strategic Assessment have been incorporated in the Partnership plan. At next delivery group meeting partners will be asked to consider their priorities for next in preparation of the county deadline in November. Improvements have been made with use of the analyst to use up to date figures, so the document will reflect true readings. JS informed the group that prior to the last delivery group meeting the 5 key thematic leads held a meeting to review updating the partnership plan this is being collated in preparation for the next deliver group meeting.</p> <p>Action: JS to circulate the amend document once complete to the steering group.</p>	
4.	Place Branding	DB
	<p>DB delivered a short presentation on Place Branding to outline the concept behind the work of the Place Branding Board and the messages that all partners are being urged to support to boost the profile of the Borough.</p> <p>Key messages can be viewed on the branding website www.burnley.co.uk</p>	
5.	Performance Update	JS/JB
	JS advised ongoing work with GONW re SAC performance focusing on 3 key issues 1) further analysis of working with young people 2) Alcohol and Drugs 3) Reducing Re offending pathways. Further analytical support has	

	<p>been provided by Dr Chris Fox to monitor performance. A meeting has been arranged on 21st Sept 09 around reducing reoffending and a further meeting shall take place on 7th Oct 09 focusing specifically on drugs and alcohol.</p> <p>JS advised on behalf of Clive that verbal confirmation had been obtained that Burnley would no longer be red flagged by the audit commission for its SAC performance.</p> <p>JB update on figures: SAC year to date is -12.1% in Burnley due to month on month reductions. Burglary is -31% for Sept. JB highlighted that the increase for SAC commenced from Oct onwards last year therefore this year we need to be prepared. There is an increase in Sept of +26% which is a concern, this is thought to be linked to the release of 6 offenders. TW raised concerns re reducing re offending as this support must not be working adequately and effectively if this assumption is true. JB advised that some of the problems are linked with sentencing due vehicle crimes being called as a theft therefore having low sentencing. JB advised the SAC management group have devised a partnership action plan which will operate a crime prevention drive tackling vulnerable vehicles proactively for reassurance and enforcement.</p> <p>Saferlancs bid secured for £144k for target hardening/crime prevention.</p>	
6.	Youth Bus	CP
	<p>Group agreed outcomes:-</p> <ol style="list-style-type: none"> 1) Broadly agreed WANT as service is valuable, although work still needs to be done ie customer feedback to identify the need. 2) No one sitting at this meeting a position to agree/disagree, take back to organisations and look at funding options. 3) Bus 2 not to be deal with until funding has been secured for bus 1. 	
7.	Funding Update	JS
	<p>JS gave a brief update on funding breakdown and what has been spent so far.</p> <p>Action: KP to circulate breakdown with the minutes.</p>	KP
8.	LDAAT Update	TW
	<p>Action: TW to forward DAAT newsletter for circulation with the minutes.</p> <p>DAAT works with 3 footprint areas alongside PCT and other similar partners, significant involvement with PCSF. East Lancs has developed a commissioning group to monitor and co ordinate the service modernisation restructures to engulf changes in drugs usage.</p>	
9.	AOB	JS

	<p>NIMN week 2-6th Nov 2009 Alcohol Awareness week 19-23rd October 2009-09-22</p> <p>Partner to contact Asif Iqbal in MAPS team with contributions.</p>
