

BURNLEY ACTION PARTNERSHIP

ENVIRONMENT & TRANSPORT SUB-GROUP

TERMS OF REFERENCE

1. To advise Burnley Action Partnership on issues and activities relating to environment and transport.
2. To provide an active framework within which the various agencies responsible for environment and transport in the Borough can create improved linkages and better integration between their services.
3. To ensure that clear linkages are made between environment and transport and other local services to reflect the multi-dimensional nature of BAP's responsibilities.
4. To take responsibility for the achievement and monitoring of environment and transport elements of the Community Plan by developing an Action Plan for the Group that incorporates the Community Plan targets and Improvement Plan actions.
5. To inform strategy development and contribute to reviews of the Community Plan.
6. To act to co-ordinate and prioritise activity relating to environment and transport issues, to rationalise existing activities and to co-ordinate and direct funding in line with agreed priorities.
7. To establish working groups to consider specific themes or to undertake specific tasks that will report back to the Sub-Group.
8. To develop links with the various tiers of Government including GONW, NWDA, DFT, DEFRA and with strategic agencies such as NWRA to promote the needs of Burnley and to develop consistent strategies.
